

# well hello

There is an old saying: "Ek is op kantoor maar my hart by die see."  
Well luckily for the Hermanus people we live in the best of both worlds

In times of stress we have wine and beaches to slow us down  
and when we are too relaxed we return to our office to keep  
us out of trouble.

I would like to use this opportunity to introduce myself.  
My name is Liza and I am a freelance designer. Why freelance?  
I have 6 years graphic design experience, moved from Somerset  
West to Hermanus in 2011 and currently working as a receptionist  
at de Lau Wellness Centre. So from 9-6 I get my daily dose of  
people skills and after hours I get carried away in a world of  
creativity with designing.
